## REHABILITATION SERVICES

The caring, professional staff who provide Hayes Green Beach Memorial Hospital's rehabilitation services work with you and your physician to develop a customized treatment plan to best meet your needs.

The primary focus of HGB rehabilitation is to help patients return to normal activity while receiving an exceptional experience. Therapists work one-on-one with patients in EMPOWER at ALIVE, which features state-of-the-art equipment in a pampering environment. Appointments are scheduled within three days of receiving a physician's referral to get the patient on his or her way to better health as quickly as possible.

### PHYSICAL THERAPY

Professionally trained physical therapy staff treats all types of injuries. Programs and services to help patients rebuild strength and function include:

- Aquatic therapy
- Assisted-device instruction
- Chronic and acute low back pain
- Developmental disorders (pediatric)
- Diabetic program
- Fall prevention
- Functional Movement Screening
- Graston Technique
- ImPACT concussion testing
- In-depth evaluation
- LSVT BIG
- Lymphedema therapy
- Manual therapy
- Orthopedic surgery rehabilitation
- Progressive treatment plans
- Spinal care
- Sports injuries
- Stroke rehabilitation
- Taping techniques
- Vestibular disorders
- Work-related injury treatment
- Wound care

### SPEECH THERAPY

Certified speech language pathologists evaluate and treat deficits involving speech and language, memory and swallowing. Services include:

- Autism evaluation and therapy
- Cognitive-linguistic therapy
- LSVT LOUD
- Speech and language therapy
- Swallowing therapy (dysphagia)

### OCCUPATIONAL THERAPY

Occupational therapists assist patients in regaining, building and developing the skills needed for maximum independence. In addition to orthopedic, work-related or sports-related injuries, patients may be referred for occupational therapy services due to:

- Arthritis, cancer or another debilitating condition
- Developmental disabilities
- Hand or arm trauma
- Stroke or other neurological conditions

Occupational therapy services include:

- Customized splinting
- Daily living assessments
- Diagnostically specific instruction or education for home exercise programs
- Energy conservation techniques
- Ergonomic instruction
- In-depth evaluation
- Instruction in adaptive services/equipment
- Progressive treatment plans
- Therapeutic modalities
- Wound care

HGB also has a certified hand therapist on staff to provide more intensive treatment based on patient needs.

### EMPOWER TEAM

The rehabilitation services staff consists of more than 10 therapists who work as a team to provide excellent, quality care to patients, through unique treatment programs that take advantage of HGB's and ALIVE's multiple programs and services.

### VISITING EMPOWER

On the first visit, arrive 15 minutes early to complete medical history forms and provide information or copies of any prescriptions, x-rays or medical reports. HGB accepts most insurance plans. Co-payment is required at the time of service or through an agreed-upon payment plan. Payment can be made with cash, check, Visa or MasterCard.

For more information about HGB rehabilitation services at ALIVE call 517.541.5800, option 2 or fax 517.541.5810.
